

A Message from the Chair

Hyde Park Schools have very strong links with the local community. A common vision exists amongst all members of our schools. This is to maintain an inclusive learning community where everyone is valued and respected. Each individual child is encouraged to develop his or her own personality within a secure learning environment, whilst always being aware of the needs of others. The children are encouraged to be confident learners, who embrace the challenges they face and enjoy the opportunities for learning that are provided.

We actively promote and support our children to develop a real determination to succeed in all aspects of learning so that they become successful, responsible and caring adults in their later lives. We celebrate the efforts of all our children and the Governors, Head Teachers and staff believe passionately that it is every pupil's right to enjoy a high quality education and are firmly committed to achieving excellence in everything that we do.

We offer a broad and balanced curriculum where our children enjoy learning and every child is encouraged to fulfil their full potential in all aspects. All staff are committed to providing excellent opportunities and work in partnership with parents, children and the wider community to ensure that the children at Hyde Park schools receive the best possible learning experience.

The role of the Local Governing Body is to work closely with the Head Teachers and staff to ensure the very best education is provided for the children in our schools. We are responsible for setting the strategic direction for both schools, monitoring and evaluating their performance and effectiveness, ensuring that budgets are managed prudently, and making sure that the ethos and values that the Hyde Park community holds dear are driving factors in our continuing success.

Through supporting and challenging the Senior Leadership Team in both schools we ensure that the children receive the best possible education in a safe and secure environment.

I have no doubt that the hopes and aspirations you have for your child will be fulfilled here at Hyde Park. If you have skills and time to offer and would like to be considered for a governor role, please contact me through the Clerk to Governors, Laura Faith.

David Bowles

Chair of Governing Body
